To Whom It May Concern,

It is with great pleasure and confidence that I write this letter of recommendation for **HaileMichael Eshetu Tefera**, a 2024/25 Computer Science graduate. I had the privilege of teaching HaileMichael in the course Microprocessor and Assembly Language Programming during the first semester of the 2023/24 academic year, and also served as his **Department Head** throughout his undergraduate studies.

During his time at Jimma University, HaileMichael consistently demonstrated **exceptional programming skills**, not only in low-level programming with microprocessors and assembly language, but also in **high-level languages** such as **PHP, JavaScript, Python, Java, and C++**. His ability to apply theoretical knowledge to practical problems, write optimized and clean code, and understand system-level operations was highly commendable. He approaches programming challenges with **analytical precision, creativity, and a structured mindset**. HaileMichael is also highly skilled in **technical report writing and documentation**. His lab reports and project write-ups were always well-organized, clear, and thorough—demonstrating deep subject knowledge and strong communication skills. His ability to convey complex ideas effectively is a strength that will serve him well in both research and professional environments.

Furthermore, HaileMichael has consistently displayed **strong interpersonal skills, collaborative spirit, and leadership potential**. He is respectful, supportive of his peers, and active in academic discussions and team projects. His sociability and professionalism made him a well-liked and highly respected member of the department. What truly distinguishes HaileMichael is his **intellectual curiosity, adaptability to new technologies, and dedication to continuous learning**. He is not only capable but also motivated—a rare combination that makes him an outstanding candidate for any graduate-level program or industry position.

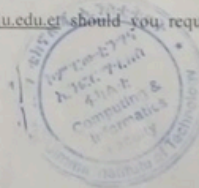

I wholeheartedly recommend **HaileMichael Eshetu Tefera** for any academic or professional opportunity he chooses to pursue. I am confident that he will bring excellence, integrity, and innovation wherever he goes.

Please feel free to contact me at bekan.mekonen@ju.edu.et should you require any further information.

Letter of Recommendation for Mr. Hailemichael Eshetu

To Whom It May Concern

I am pleased to wholeheartedly recommend Mr. Hailemichael Eshetu for any academic or professional opportunity he pursues. Having had the privilege of teaching and mentoring him during my tenure as a lecturer at Jimma University's Faculty of Computing and Informatics, I can confidently attest to his outstanding abilities, dedication, and intellectual curiosity.

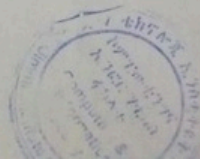

I taught Mr. Hailemichael **Web Programming and Computer Vision and Image Processing** across multiple academic years. Throughout this time, he distinguished himself as an engaged, proactive, and highly motivated student. His enthusiasm for learning was evident in his active participation in class discussions, insightful questions, and eagerness to explore complex topics beyond the curriculum.

Beyond the classroom, I had the opportunity to supervise him in various projects, including hackathons organized by the **JIT Incubation Center** and **AI Center** with Azmera trading and Snap Shop projects. Notably, as part of the Snap Shop team, he contributed to their success as *1st Runner-Up*, demonstrating not only technical proficiency but also strong teamwork, problem-solving, and leadership skills. His ability to grasp advanced concepts and apply them to real-world challenges was consistently impressive.

Mr. Hailemichael possesses a rare combination of intellectual independence, creativity, and collaborative spirit. His commitment to excellence, coupled with his strong communication skills and initiative, makes him a valuable asset in any academic or professional setting. I have no doubt that he will continue to make meaningful contributions wherever his career takes him.

Please feel free to contact me at fideno.worku@ju.edu.et if you require any further information or clarification regarding my recommendation.

Sincerely, Mamo Fideno
